

CAMROSE SOLAR HOME TOUR

Saturday, June 22 | 11 - 4

The Camrose Solar Home Tour returns for 2024 with even more to see and learn!

newo

Solar Harvest

4714 47 St.

Host: Nathan

KEY DETAILS

- **System Size:** 8.9 kW
- **Location:** Roof-Mount
- **Installer:** NEWO Global Energy
- **Date Installed:** August 2023

WHY THIS HOME?

Although a new set of panels, Nathan is not new to residential solar as he is also NEWO's solar lead. This stop will provide some in-depth knowledge of the steps to consider on a solar install while thinking about how it fits along a trajectory of home energy efficiency renovations. If you have questions, Nathan is a great person to answer them!

ENERGY SAVING FEATURES

- Added exterior insulation
- New windows and doors
- High efficiency furnace and hot water tank
